DRIVE FOR THE BETHEL PARK SCHOOL DISTRICT

The Bethel Park School District is looking to hire quality, forward-thinking individuals--who have an appreciation and a desire to work with students in grades kindergarten through 12--to drive a bus or a mini-bus for the District.

Individuals would preferably have a commercial drivers license and at least one year of bus driving experience;

HOWEVER, the District will provide the necessary training to obtain a commercial drivers license **at no cost** to the bus driver candidate.
